QUALITY POLICY

January 2024

SN Integrity is a leading provider of ultrasonic technologies and corrosion management services for the oil and gas industry. Founded in 2017 in Australia, the company offers smart solutions for asset integrity, such as NDT inspection, customised ultrasonic sensors, and remote visual inspection equipment. With over 30 years of combined experience and partnerships with global experts in the ultrasonic field, SN Integrity delivers high quality products and services that enhance the performance and safety of customer assets.

Our quality commitments are:

- **Customer Focus:** We understand the critical role our products and services play in our customers' operations and prioritize their needs and expectations. We actively seek feedback and continually strive to satisfy and exceed their requirements.
- **Operational Excellence:** We utilize a robust quality management system based on ISO 9001:2015 to ensure consistent product quality, process control, and continuous improvement.
- **Innovation and Technology:** We try to push the boundaries of sensor technology, offering high-precision, durable, and cost-effective solutions for diverse operating environments.

To achieve this, we will:

- Implement and maintain a documented quality management system that meets the requirements of ISO 9001:2015.
- Ensure all employees are trained and qualified in their respective roles and understand the importance of quality in their work.
- Continuously monitor and measure key performance indicators related to product quality, delivery times, and customer satisfaction.
- Regularly review and improve our quality management system through internal audits and management reviews.
- Foster a culture of continuous improvement, encouraging employee engagement and suggestions for enhancing our processes and products.

This Quality Management Policy is communicated to all employees and readily available to the public including our stakeholders. It is reviewed annually by the company's management to ensure its continued alignment with our strategic objectives and the evolving needs of our customers.

Nestor Sequera
General Manager
